By Lito B. Salazar

SEVERAL national calamities in the Philippines in the last few months have led to a rise in poverty, according to a study by the Philippine Statistics Authority (PSA) released last week. The PSA said that the number of people living in poverty rose from 10.5 million in 2008 to 11.5 million in 2009. The PSA said that the rise in poverty was due to the impact of calamities, such as typhoons, flooding, and drought. The PSA said that the rise in poverty was also due to the impact of the global financial crisis.

# Anti-RH bill group hopes to join opposition to measure in House

By Robert M. Weir

A group of anti-abortion activists is planning to join a coalition of pro-life groups to oppose a measure in the House of Representatives that would allow a woman to sue a doctor for performing an abortion if the doctor is not a member of the American Medical Association (AMA). The group, called the "Pro-Life Coalition," is made up of several organizations, including the National Abortion Federation (NAF), the National Right to Life Legal Council (NRLC), and the American Life League (ALL). The coalition is planning to file a lawsuit in the House of Representatives to challenge the measure, which is known as the "H.R. 3592." The measure is part of a larger effort by the AMA to protect its members from lawsuits filed by patients who claim that their doctors performed an abortion on them without their consent.

# Prosecutor gets scolding over Alarcon testimony

Manila, Philippines

Prosecutor General Jose B. Diokno Jr. was scolded by the Senate for his handling of the testimony of Alarcon in the case of the late President Ferdinand Marcos. Diokno was accused of being biased and of not following the rules of evidence.

Senate Committee on the Judiciary Chairman Sen. Juan Ponce Enrile said that Diokno's handling of the testimony was "unbecomingly biased and prejudicial." He said that Diokno was "not following the rules of evidence and was not being fair to the defense."

Diokno, however, defended his handling of the testimony. He said that he was "not biased and was following the rules of evidence." He said that he was "being fair to both sides."

The Senate's scolding of Diokno came after a hearing on the testimony of Alarcon. Alarcon had testified that he had been involved in the assassination of President Marcos.

Diokno had asked Alarcon a series of questions that were seen as leading and biased. He had asked Alarcon if he was "a member of the Communist Party of the Philippines" and if he was "a member of the New People's Army."

Alarcon had answered "yes" to both questions. This led to the Senate's scolding of Diokno. The Senate said that Diokno was "trying to prove that Alarcon was a member of the Communist Party and the New People's Army."
